

## 2010 Traveling Team Schedule

### Important Information:

- Please consult David Minihan before signing up for the below tournaments. Coaches might not be traveling to certain tournaments due to no academy player participating.
- The traveling team will attend one tournament per month. If a player qualifies for a higher level of tournament which conflicts with the traveling team, a separate coach will be provided for that player.
- All tournaments below are subject to change. Before signing up for any tournament, please speak to David Minihan.
- Players who sign up for the traveling team: There are no additional costs other than the entry fee to the tournament which is paid directly to the tournament by you.
- A coach can be provided to a player who wishes to have a coach travel with him/her to additional tournaments. Below is the cost break down:
  - Coaching fee: \$100 for academy player per day; \$125 non-academy player per day. If multiple players travel, the above coaching fee is divided.
  - Expenses: Players pay for all coaches travel expenses including food and hotel (if necessary). If multiple players attend, expenses will be divided.
